

Bug Report

BUG-001

Title:

Server answer with wrong message

Priority:

High

Environment:

Windows 11 – PC

Postman - v12.18.5

Steps to reproduce:

1. DELETE /products/0
2. Control body section
3. Control server response

Expected result:

According to the API specification, the server should not delete our data, since no product with ID 0 exists

Actual Result:

The server responded with 200 OK
